**Marion Hatchett : A Scriptural Index to the Hymnal 1982 (Hymnal Studies, 8)** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Scriptural Index to the Hymnal 1982 (Hymnal Studies, 8):

I am always trying to coordinate the hymns with the scriptural references for the liturgical year, a daunting task using the three-year cycle. I have never liked the scriptural index in the back of the Hymnal 1982. It is nothing but a bunch or numbers with a few or many hymn numbers for every verse in the Bible. This little gem solves that. The verses are on individual pages AND each hymn number includes the first line (title)! AND with space for NOTES! Don't know why the CHC didn't do this MUCH earlier. I LOVE IT! Everyone that has to plan not just Episcopal services but ANY Christian church (I am Orthodox) needs this handy volume.0 of 0 people found the following review helpful. Lectionary scripture citations with corresponding hymns. This is also a handy reference for locating the liturgical day when each scripture text is used.
