Steve Leach : A Supported Employment Workbook: Using Individual Profiling and Job Matching before purchasing it in order to gage whether or not it would be worth my time, and all praised A Supported Employment Workbook: Using Individual Profiling and Job Matching:

1 of 1 people found the following review helpful. This book is for Great BritainBy LizzygrrrI bought this book for some ideas about how to approach my job development position at a clubhouse. It has a large font, so isn't as big as it looks, and it's written for the UK, so some of the programs they discuss arent the same as here, but its always a good idea to see different approaches.0 of 0 people found the following review helpful. Fantastic resourceBy

1 metro Congratulations to the author for collating the information for this much needed resource to enable workers to work effectively in supported employment.

A practical tool for all job developers, this workbook presents strategies based on real situations and includes example exercises throughout. It draws on Steve Leach's thirteen years' practical experience in supported employment and is based on the principle of developing a client-centred approach to job development. It emphasizes the central importance of self-determination - ensuring that the individual makes their own choices to determine their future career. This flexible guide shows ways in which a support strategy can be developed in partnership with both employee and employer. Chapters are included on approaching and researching employers, establishing and improving the relationship between employee and employer, and on current debates in supported employment. The workbook also includes practical materials such as vocational profile forms, job analysis forms and support review charts. A comprehensive guide to delivering a supported employment service, it will enable professionals to support people with disabilities in finding and sustaining real jobs in real communities.

About the Author Steve Leach has been working as an employment officer for the past 13 years. He is national project co-ordinator for the Scope and chairs the Yorkshire and Humberside Supported Employment Group.
