Everything's written in chinese(not really) and hard to grasp. Similar to Chiltons manual with tiny outdated black/white diagrams. Holy cow, how much more helpful a color-coded diagram is.I can get more helpful info off YouTube and smokestack0 of 0 people found the following review helpful. Good for basicsBy RileyGives a broad overview of each type of tractor, I purchased this for my 1949 AC

WD, but I could have gotten away with just the Operators Manual which had pretty much the same information as the shop manual - live and learn. 1 of 1 people found the following review helpful. Pictures are worth a 1000 words By William J. Mitchell Just what is needed. I make a copy of the page with the information and take the copy into the garage to keep the book in good shape - I do not like grease and oil over the pages I am looking at
