It has no substance.By Richard BuckI don't understand why this book gets favorable reviews. I found that it contained almost no helpful information. It is 22 pages long and its message doesn't go much beyond what you will read in those five-star reviews. I had hoped to learn some hints on how to use Prime, but I was thoroughly disappointed.0 of 0 people found the following review helpful. Five StarsBy Tonya313DWell worth the subscription...
