Careful pictures of each item and clear and patient instructions help tremendously. The authors also threw me a life saver in the form of a link to their e mail. I believe this is doable

The book is somewhat out of date, appearing to have been published a few years ago. The "Latest Edition" indication on the cover photo; while probably accurate; shouldn't be interpreted to mean that it's a particularly "recent" Latest Edition.0 of 0 people found the following review helpful.
