Instructors now face many challenges: Decreased classroom contact hours, increased instructor and student workloads,

larger class sizes, new course models like hybrid and fully online and more ambitious classroom goals including focusing on practical communication and culture awareness instead of grammar alone. The Anda! program offers a true solution for instructors by delivering realistic goals with a realistic approach; focusing on student motivation and offering a variety of tools to promote success. Teaching and Learning Experience Realistic and Balanced Approach Instructors and students don't have to rush through the entire scope of Spanish grammar in 2 semesters. They can focus on practical communication which helps students feel more motivated and successful in the course.
