Malcolm Godwin : Angels : An Endangered Species before purchasing it in order to gage whether or not it would be worth my time, and all praised Angels : An Endangered Species:

0 of 0 people found the following review helpful. Five StarsBy edith millergreat0 of 0 people found the following review helpful. Best book on Collected Facts about AngelsBy Cynthia WarrenThis author presets information, well researched, with a combination of religions on their views. GREAT book.0 of 0 people found the following review helpful. More than just winged messengersBy Emily Ann Frances MayAn interesting look into the role angels have played in various religions and how their role has evolved with our civilization.

In this exquisitely designed volume, the mystical hierarchies of heaven and hell, and the ranking of seraphs, cherubim, archangels and other angelic manifestations are explained, in the first comprehensive survey of one of the most powerful and ever-present symbols in our collective vision. 95 four-color, 30 two-color, and 30 black-and-white illustrations.
