Nice reference for adults as wellBy CustomerBirthday gift for a nine year old who loves animal documentaries. Nice reference for adults as well.0 of 0 people found the following review helpful. A book for all

agesBy skeezixMy five year old granddaughter asked for a book on animals. I thought that this book might be for an older child, but on a whim, I gave it to her. Best gift I could have found.

The ultimate illustrated guide and identifier to the mammals, amphibians, reptiles, birds and fish of the United States and Canada, with more than 1000 artworks, maps and colour photographs.

About the AuthorTom Jackson has worked at Jersey Zoo and has been involved in the conservation of endangered wildlife in Zimbabwe. As a travel journalist, he has explored the Galapagos Islands and the rainforests. Tom's published works include: Tropical Forest (Raintree); Nature Factfile: Monkeys (Southwater); and Parrots, Tropical and Rainforest Birds (Lorenz Books).
