Nadja Maril : Antique Lamp Buyer's Guide: Identifying Late 19th and Early 20th Century American Lighting before purchasing it in order to gage whether or not it would be worth my time, and all praised Antique Lamp Buyer's Guide: Identifying Late 19th and Early 20th Century American Lighting:

1 of 1 people found the following review helpful. Have seen beautiful old 20th century lamps in person By Kindle Customer Have seen beautiful old 20th century lamps in person. These lamps are industrial, common folk would use this, not anyone who would choose these lamps as a home design choice. Disappointed that high quality lamps were not highlighted. Also, a near mirror of another book written by the same author. A waste of money if you purchase both books by the same author. 1 of 1 people found the following review helpful. Have seen beautiful old 20th century lamps in person. These lamps are industrial, common folk would use this, not anyone who would choose these lamps as a home design choice. Disappointed that high quality lamps were not highlighted. Also, a near mirror of another book written by the same author. A waste of money if you purchase both books by the same author.
2 of 2 people found the following review helpful. It is a good book for Lamps "only"
By Customer
It is a good book for Lamps "only". I was looking for information on oil lamps and didn't find much in this book. It has much information on other lamps however and has beautiful photos. It just was not what I needed.

Do you own an old lamp? Would you like to learn its approximate age, value, and history? *Antique Lamp Buyer's Guide* is the reference book used by professionals and collectors alike. Dealers and appraisers often carry this paperback with them to quickly identify antique and collectible late 19th century and early 20th century lighting. Now in its third edition, with updated prices and additional photography, this book is a must-have for any antique or decorative arts reference library. Beautiful photographs plus catalogue illustrations in an easy-to-read format, make research a pleasure.

About the Author
The foremost authority on antique and collectible American lighting, Nadja Maril spent over 20 years buying, restoring, selling, and appraising old lamps before turning her focus towards writing and editing. She is the author of *American Lighting 1840-1940*.
