**From Brand: Taschen : Art Now! Vol. 2 (v. 2) (English, German and French Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Art Now! Vol. 2 (v. 2) (English, German and French Edition):

3 of 3 people found the following review helpful. Maybe not for the non-artist  
By unc girl  
I purchased this book out of curiosity, because I enjoy art. I am by no means an aficionado. It is quite a thick volume with a number of artists covered. For each artist there is a brief description of the artist and their work. The description is reiterated in three languages, which means that each description is actually quite short. For each artist there is at least one picture of their work. My biggest problem with the book is that I was not inspired by most of the artists in the book. Although, in all fairness it is difficult to capture the feeling of a large art installation in one small picture. In general, paintings and prints are well captured in the book, but other types of art are not. I also did not like the fact that there are usually only two images for each artist. I would have preferred fewer artists and more images for each. I think this book is more

geared towards people who work in the art world and need to keep up with new artists, and is less suitable for the lay person who just has a general interest in art. 0 of 0 people found the following review helpful. Five Stars By YAYE BONILLABOGHT FOR A FRIEND 0 of 0 people found the following review helpful. Three Stars By Karla Garcia Ok book was expecting something different.

Unless you regularly trawl the Chelsea galleries, hang out at the Tate Modern, peruse the Pompidou, attend every Biennale, and religiously read Artforum, you could likely use a primer on the art scene in the world today. Fortunately we've created our second "Art Now" volume to keep art fans abreast of the latest trends and hottest names. Not only will you discover the most important artists in the international art market, you'll also learn how the art scene has changed dramatically in recent years - notably with a return to figurative painting and an increase in political topics. Featuring over 135 artists in A-Z entries, plus a special section about gallery representation and current market prices, "Art Now Vol. 2" is the guide to what's happening and who's who in contemporary art. The A-Z artist entries include: short biography; exhibition history and bibliographical information; and, images of important recent work.

"This is an indispensable vademecum for those interested in contemporary art and the shape of things to come." - The Art Newspaper, London  
About the Author Uta Grosenick has worked at the Deichtorhallen in Hamburg and the Bundeskunsthalle in Bonn, and was curator at the Kunstmuseum Wolfsburg. Since 1996 she has been working as freelance editor (Art at the Turn of the Millennium, Women Artists) and organizer of exhibitions.
