"If You Don't See Yourself As a Winner, Then You Cannot Perform As a Winner." ~ Zig Ziglar. Claudia Samuels Newton taught thousands of employees and new college graduates how to navigate through the sometimes daunting world of work in her first book: *Career Wonders and Blunders: If I Knew Then, What I Know Now*. Now she'll tell employees how to prepare for and ace interviews to achieve the job of their dreams as they map out their career future. In *Interview Wonders and Blunders: What Not to Do if You Want to Get Hired*, you will not only learn the do's and don'ts of interviewing, but you will also get into the minds of the people you will be sitting before to be interviewed by. Samuels Newton provides you with the preparation techniques and insider secrets told directly to her by hiring managers and shares their interview styles and approaches. She introduces you to curve-ball questions that you may least expect and tells you how to deal with them as well. Whether you are looking for a job outside of your company or pursuing an internal position, you will want to refer to this book each time you get invited to be interviewed. In the tradition of her first work, she provides real stories of wonders and blunders from both interviewees and hiring manager interviewers that will make you shake your head in amazement. Filled with Samuel Newton's own experience and advice, and complete with tools, affirmations, and resources, the book covers every aspect of job interviewing that you need to know.
