But it has a lot of info to keep everything running smooth. I saw other reviews complain about not being able to tell the difference between tractor models but I don't have a problem at all. If your not sure just

look at your serial numbers. I bought this for my 855 and for the price the info and diagrams are suffice. If your looking for a complete break down of every part buy a shop manual for \$1502 of 2 people found the following review helpful. repair manualBy eyespyWas not what I expected, and not very useful. Did not explain well on how to do repairs at all.Did one repair that if it explained it right would have taken 5 minutes not seven weeks to fix.Had to call in a tractor repair man for 150.00 and he fix problem in five minutes.NOT HAPPYEyespy0 of 0 people found the following review helpful.
