This book helped me greatly, and what was most surprising is how readable it is. Instead of very dry prose, I found it to be informative and entertaining. It helped me greatly and my first grade on my Masters level research paper was 99%. I would recommend it to all new students and if I ever reach my goal of becoming an adjunct professor I am definitely going to recommend it to my students. 2 of 2 people found the following review helpful. Helpful Quick Reference Guide By John Doe A really good, but simple, guide to writing papers. I purchased it as I needed a book to help me write papers for upper division classes. I had resold all my old English composition books so I needed something new and cheap. This worked great. I like the casual way these Dummy books are written. And best of all, this was really cheap. I purchased it used and it came in almost brand new condition. It even had the receipt from the original buyer. 1 of 1 people found the following review helpful. I must say

this is a very useful for an international PhD studentBy csqI must say this is a very useful for an international PhD student, maybe even for any student who's gonna write some papers in English. (Whaaaaaat)
