**From imusti : Rethinking Latin American Social Movements: Radical Action from Below (Latin American Perspectives in the Classroom)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Rethinking Latin American Social Movements: Radical Action from Below (Latin American Perspectives

in the Classroom):

This groundbreaking text explores the dramatic evolution in Latin American social movements over the past fifteen years. Assessing both the continuities in social movement dynamics and important new tendencies, this book will be essential reading for all students of Latin American politics and society.

With engaging essays documenting grassroots resistance to neoliberalism across Latin America, this volume is a must-read for anyone interested in how ordinary people are challenging and changing the meaning of democracy in the region. (Susan Eckstein, Boston University)
