Charles A. Gallagher : Rethinking the Color Line: Readings in Race and Ethnicity before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rethinking the Color Line: Readings in Race and Ethnicity:

0 of 0 people found the following review helpful. this one by Gallagher becomes personal and is organized in an easy fashion to navigate By Customer Sociology students are often thrown books that can be a drab, this one by Gallagher becomes personal and is organized in an easy fashion to navigate! Take a moment to educate yourself and challenge social constructions by reading this text. Also, if you're about to buy/rent this for a class, take the time to ready it! There is a lot of really good stuff in here you'll miss out on if you just buy it to have a textbook to bring to class, but never take the time to thoroughly read it and open it! 0 of 0 people found the following review helpful. Required for

my class By Christy L. Besides the fact that the book came ripped up and in pretty neat up condition, it's also a pretty boring read. Hard to keep myself paying attention. 0 of 0 people found the following review helpful. Four Stars By kate barikor Thanks

Rethinking the Color Line is a user-friendly text that does not sacrifice intellectual or theoretical rigor. This anthology of current research examines contemporary issues and explores new approaches to the study of race and ethnic relations. The featured readings effectively engage students by helping them understand theories and concepts, and encourage active learning in the classroom all while providing relevance for students from all ethnic, racial, cultural, and economic backgrounds. The new fourth edition features 8 new readings as well as a new two-color design that brings attention to the "Seeing the Big Picture" and "Questions to Consider" boxes found throughout the text.
