John Glenn, Lillian Brandt, F. Emerson Andrews : Russell Sage Foundation 1907-1946: volumes 1 and 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Russell Sage Foundation 1907-1946: volumes 1 and 2:

This history covers the first forty years of Russell Sage Foundation's efforts toward "the improvement of social and

living conditions in the United States of America." It records the things that were done, both as direct work and through grants, with considerable attention to the social situation which made them seem necessary or desirable. It is of value not only to those interested in the operation of the Russell Sage Foundation or other foundations, but for the light it throws upon the origins and development of a wide variety of movements in the broad field of social science.

About the Author John Glenn is a social scientist.
