This revised and updated comprehensive travel guide examines North America's most sacred sites for spiritually attuned explorers. Important archaeological, geological, and historical destinations from coast to coast are exhaustively examined, from the weathered pueblos of the American Southwest and the medicine wheels of western Canada to Graceland and the birthplace of Martin Luther King, Jr. Histories and cultural contexts are objectively surveyed, along with the latest academic theories and insightful metaphysical ruminations. Detailed maps, drawings, and travel directions are also included.
