From imusti : Sacred Realms: Readings in the Anthropology of Religion before purchasing it in order to gage whether or not it would be worth my time, and all praised Sacred Realms: Readings in the Anthropology of Religion:

0 of 1 people found the following review helpful. Very happy. By Bobby Cunningham As described. Very happy. 0 of 5 people found the following review helpful. thanks By matt Weaver This book was good, im glad that i got it on here, i saved a bunch of money thanks again 0 of 6 people found the following review helpful. The book is in relatively good shape however By indyjonesFI The book is in relatively good shape however, the previous owner was a heavy smoker. I get a headache and asthma as I read. I wish they would disclose this particular piece if information .

This comprehensive and engaging introduction to the anthropology of religion brings together a rich and balanced collection of classic and contemporary readings. Ideal for courses in the anthropology of religion or comparative

religion, this exceptional anthology not only gives students the tools to analyze and comprehend religion but also enables them to consider religion's major role in contemporary world affairs. Organized topically, *Sacred Realms: Readings in the Anthropology of Religion, Second Edition*, covers twelve major areas in faith, religion, and belief. Demonstrating the breadth and variety of human religious experience, the essays are written by authors from diverse ethnic and national backgrounds and include vivid ethnographic examples drawn from field studies around the world. The readings range from classic contributions by Bronislaw Malinowski, Horace Miner, and Anthony F. C. Wallace to more recent selections including one on the Rajneeshee by Charles Lindholm and articles on Sufism, witches, and American raves. The volume concludes with a unique section by the editors that describes the basic facets of five of the world's most influential religions: Hinduism, Buddhism, Judaism, Christianity, and Islam. The editors also provide helpful background material throughout; their general introduction encourages students to approach religion as an objective human experience rather than from the perspective of their own upbringings, while overviews to each of the text's six parts place subjects in context and highlight key issues. Essay introductions identify the author's perspective, the article's major points, and the questions the essay raises. New to the second edition of *Sacred Realms* is a section on the intersection of religion and politics, which includes a classic article by Raymond Firth as well as recent articles on issues in Korea and the Middle East. This edition also features a world map at the front of the book--referencing locations in each essay, by number--and a glossary of terms at the end of the book. An Instructor's Manual on CD is available to adopters.

About the Author Richard Warms and James Garber are both Professors of Anthropology at Texas State University-San Marcos. R. Jon McGee is a Professor and Chair of Anthropology at Texas State University-San Marcos.
