While the sentiment is laudable and one to an extent I share, the writer seemed deranged with her juvenile ideas about transcending the system altogether by "quitting work, eliminating money and all governments, and killing men." It is also amazing how she completely overlooked any discussion of religion. I give it 3 stars mainly for its shock and entertainment value.1 of 2 people found the following review helpful. First circulated on the streets of Greenwich Village in 1967, the SCUM Manifesto is a searing indictment of patriarchal culture in all its forms. Shifting fluidly between the worlds of satire and straightforward critique, this classic is a call to action a radical feminist vision for a different world. This is an update of the essential AK Press edition, with a new foreword. To see the SCUM Manifestos humor, to let it crack you up page after page, is not to read it as a joke. Its not. The truth of the world as seen through Valeries eyes is patently absurd, a cosmic joke. Humor such as this is a muscle, a weapon It was the truth, and the truth is so absurd its painful. Michelle Tea Unhampered by propriety, niceness, discretion, public opinion, morals, the respect of assholes, always funky, dirty, low-down SCUM gets around... Youve got to go through a lot of sex to get to anti-sex, and SCUMs been through it all, and theyre now ready for a new show; they want to crawl out from under the dock, move, take off, sink out.
