Alvin Y. So : Social Change and Development: Modernization, Dependency and World-System Theories (SAGE Library of Social Research) before purchasing it in order to gauge whether or not it would be worth my time,

and all praised *Social Change and Development: Modernization, Dependency and World-System Theories* (SAGE Library of Social Research):

0 of 0 people found the following review helpful. Five StarsBy Margarita Azmtiavery good book0 of 0 people found the following review helpful. Primer: *Modernization, Dependency and World-System Theories*By Alicia CrumptonAlvin So reviews the emergence, development, and transformation of modernization, dependency and world-system theories. It is a very accessible read and primer for these three social change and development theories!0 of 0 people found the following review helpful. Five StarsBy BecciItem arrived on time and as described.

This text is designed to introduce undergraduates to the study of social theory, social change and Third World development. The author compares the strengths and weaknesses of the modernization, the dependency and the world system schools of research which have dominated development studies for four decades. This book is the only study to address the research implication of the three development theories in such a comprehensive fashion.
