RectorThis item was advertised as being in good condition; however, upon receipt it was found to have marks on the cover, a red stain in the upper right hand side of the cover, heavy underlining, and pages detaching from the spine. As I need this book for an upcoming class, I cannot return it but will not order anymore from this seller as I will be unable to return it to for sale.0 of 0 people found the following review helpful. Glad to have it in my library! By arlene rogers wilhite The book is very informative and it arrived way before it was due, and the packaging was good.
