Alan Bryman : Social Research Methods before purchasing it in order to gage whether or not it would be worth my time, and all praised Social Research Methods:

0 of 0 people found the following review helpful. Five StarsBy Anita GibsonThis rental was right on time and was exactly what I needed for my class.0 of 0 people found the following review helpful. Five StarsBy Virginia St. MichellVery nice to not have to buy a book just for a class

This introduction to research methods provides students and researchers with unrivalled coverage of both quantitative and qualitative methods, making it invaluable for anyone embarking on social research. Bridging the gap between theory and practice, Social Research Methods, Fifth Edition, is packed full of engaging examples and practical tips to equip students with the tools and knowledge needed for them to complete their own research projects. In addition to

providing practical advice, author Alan Bryman deftly explores the nature of social research and the wider issues impinging on it.

from previous edition: "Perfectly organized and precisely written, Bryman's Social Research Methods remains the essential text. The book will continue to underpin research methods teaching across the social sciences, and to shape, guide and spur on the work of current and future generations of social researchers." --Richard Giulianotti, Professor of Sociology, Durham University
"This book is an indispensable guide for every social science student, introducing the fundamental principles and underlying theories of the subject, while also offering a practical toolkit for carrying out social research." --Hannah Russell, MA Student in Social Research (Social Policy), University of Birmingham
About the Author
Alan Bryman is Professor of Organisational and Social Research at the University of Leicester, UK.
