Michael Oliver, Bob Sapey : Social Work with Disabled People (British Association of Social Workers (BASW) Practical Social Work) before purchasing it in order to gage whether or not it would be worth my time, and all

praised Social Work with Disabled People (British Association of Social Workers (BASW) Practical Social Work):

This edition has been revised to take into account legislative changes since 1983 and theoretical developments in the field of disability. Whilst continuing to highlight the negative impact of welfare policy on the lives of disabled people, the book explores how social work can contribute to removing disabling barriers. It also considers the implications that an anti-disablist practice would have for education and training of social workers and the management of welfare agencies.

About the Author Michael Oliver was the first, and only, Professor of Disability Studies in the UK, at University of Greenwich, until he retired. He is Chair of the Research Advisory Group of the British Council of Disabled People, and Executive Editor of Disability and Society. Bob Sapey is Senior Lecturer in Applied Social Science at Lancaster University.
