Speechmark : Sounds Nostalgic: Radio Theme Tunes from the 40s and 50s before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sounds Nostalgic: Radio Theme Tunes from the 40s and 50s:

This CD has been especially compiled from the BBC Sound Archives and contains excerpts of famous radio programme theme tunes from the 1940s and 1950s. Designed to be used as a trigger for reminiscence work with older people, this CD provides a valuable stimulus for conversation. It can also be used for group or individual quiz sessions. These packs provide memorable listening material covering the 1940s and 1950s. Ideal for work on a one-to-

one basis, as a starting point for discussion groups and with those with visual disability. Each pack contains a CD and notes for guidance in a storage wallet.
