By Nichlas Emmons
The works of Vine Deloria, Jr. are well-known and well-respected, but in my attempts to transition to other Indigenous thinkers, I tend to not include much of his work. If I did, though, then I would very well consider this book. It is a great source of information and provides much fodder for discussion and critical thinking

about contemporary socio-political issues. 5 of 5 people found the following review helpful. Very Good Book
By Gwendolyn S. Barnes
I find Mr. Deloria's writing to be very engaging. If you wish to learn more about Native American Culture and History you can do so with this book along with sharing in the emotional, psychological and spiritual foundation from which the the Native American people evolved.

A collection of Vine Deloria Jr.'s writings from books, essays, and articles, as well as previously unpublished pieces.
